**Re: 825 Stewart Drive, Sunnyvale, CA – TRW Microwave Superfund Site (the Site)  
Substantiation of CBI**

Dear Ms. Reynolds,

Please accept this letter on behalf of Apple Inc. (Apple) in order to respond to your letter regarding substantiation of confidential business information (CBI), which was forwarded to me by email dated September 1, 2021.

It is my understanding that your letter enclosed all information documented by EPA during the visit to the Site for our review so that we could make a determination regarding the designation of CBI for this information.

We have reviewed the notes and photographs shared and there does not appear to be any information that warrants a claim of CBI. Let me know if there are any additional notes or documentation of the visit that we need to review.

Should you have any questions or require any additional information in relation to this matter, you can reach me at +1.415.893.9762 or at [drubenstein@apple.com](mailto:drubenstein@apple.com).

Very truly yours,

Apple Inc., a California corporation
